PD300DHR

PRODOC™ PROFESSIONAL DOCTOR SCALES

Medical Grade Accuracy

These professional doctor scales are designed to meet the accuracy you depend on. The models PD100 and PD200 provide BMI (Body Mass Index) by conveniently selecting your height with easy-to-use scroll keys.

The ProDoc™ series heavy-duty scales can weigh up to 480 lb/220 kg while providing you with the accuracy you require with 0.2 lb/0.1 kg increments. The LCD display provides easy-to-view 1-inch-high (25 mm) readouts.

DETECTO PD100

Carrying case makes it ideal for visiting nurses.

Optional PRODOC-CASE for PD100

Low-Profile Physician Scale with Remote Display

- Wall/desk mounting bracket for offices and exam rooms.
- Position weight display up to 87"/220 cm from scale.
- DHR Digital Height Rod interface available.

PD100

PD200

PD100 and PD200 arrive fully assembled.

The ProDoc's™ single-piece, forged-steel base creates stability and ensures solid patient support.

All ProDocs™ feature adjustable locking feet and bubble level for accurate weighing every time!

DETECTO PD200

Space-Saving Physician Scale

- Exam rooms - offices - medical use.
- Home use: includes four patient/family member weight memory recalls.
- Raised weight display for convenient viewing while standing on the scale.
